SECTION 1 – Introduction/overview

- Introduction highlights the five unique sections of the report as well as a list of team members.
- Team driving forces overview provides a high level view of where your team's driving forces are concentrated by showing the percentage of the team that falls into each of the twelve categories.
- Driving forces defined page names each driving force and gives a thorough explanation of each.

Team Driving Forces Overview

OBSERVING DRIVING FORCES

Have you ever noticed some people:

- Seek knowledge relevant and useful to their current situation
- Seek to expand their understanding and knowledge in all endeavors
- Tend to be unrestrained in the application of resources
- Tend to utilize and apply their resources to maximize return
- Seek function in their surroundings
- Seek to fully experience their surroundings
- Tend to be selective in who they help and serve
- Tend to serve, help and eliminate the suffering of others indiscriminately
- Seek to share power, recognition and control
- Seek to be recognized and control their own destiny
- Tend to remain open and flexible in their methodologies and approach to life
- Tend to live within defined systems and traditional approaches

SECTION 3 – Primary Clusters and Driving Forces Group Bar

- Each keyword page lists the names of team members identified in the Primary Driving Forces cluster ranked consistently with an individual’s first, second, third, and fourth highest driving force..
- The group bars page plots the entirety of the team’s driving forces on one page uncovering easy to spot insights about the team dynamic.
- This page plots the primary, situational and indifferent clusters and color codes them for easier readability.
- Larger circles indicate a higher density of team members.

SECTION 4 – Driving Forces characteristics hierarchy

- Driving forces comparison page highlights all twelve driving forces of each team member and how they compare with their team leader, team average, and population mean.
- All scores are color coded to identify where they fall above or below the mean.
- Graph reveals the standard deviation of each team member compared with the team average, as well as showing the general population mean as a reference point.
