

Talents Insights™ Team Report QUICK START USER GUIDE

Welcome to the Talents Insights™ team report user guide. This guide outlines the structure of the Talents Insights™ team report. The intent of this guide is to provide enough detail to arm you with information to take the Talents Insights™ team report to your clients. **Note: Certified Professional Talents Insights™ Analysts will derive the most value from the information organized here.**

Introduction

The Talent Insights Team Report is designed to increase the understanding of the team's makeup. The report provides insight into two distinct areas, behaviors and driving forces. Revealing a team's potential by identifying strengths and weaknesses will lead to personal and professional development and a higher level of productivity.

Behaviors

This section of the report is designed to help reveal how individual behaviors influence the team dynamic. The ability to interact effectively with other team members is key to a team's success and this report reveals each individual's behavioral style within the team framework.

Driving Forces

This section of the report provides the why behind a team's actions. Understanding the dynamics of the drivers within the team, why they do what they do, reveals energizers, stressors and more about the team and it's members.

Behaviors and Driving Forces Summary

This section is a visual representation of the team from a behavioral and driving forces standpoint ordered into primary, situational and indifferent clusters.

SECTION 1 – Introduction/Overview

- The introduction page succinctly defines behaviors, driving forces and the integration of the two within the report.
- This page showcases the contents of the report, as well as a list of team members.

Team DISC Overview

The TTI Success Insights® wheel is a graphic representation of a team's behavioral make-up among the four quadrants of the DISC wheel.

OBSERVING DISC

Have you ever noticed:

- Some people are forceful, direct, and results-oriented
- Some are optimistic, fun, and talkative
- Some are steady, patient, and relaxed
- Some are precise, accurate, and detail-oriented

DEFINING DISC

Dominance
How you respond to problems and challenges

Influence
How you influence others to your point of view

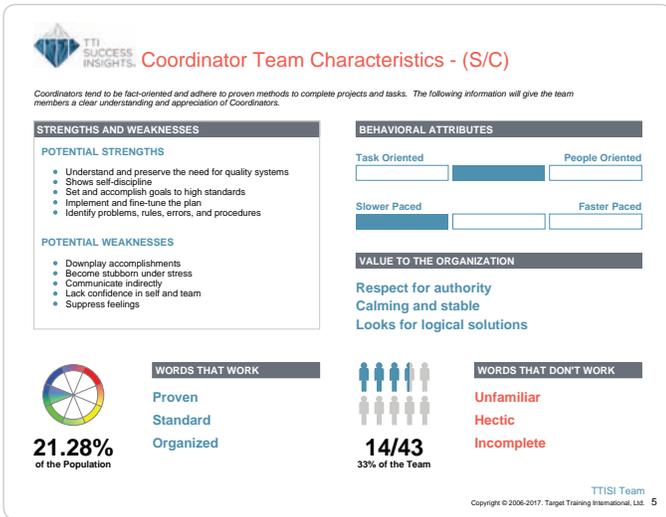

Steadiness
How you respond to the pace of the environment

Compliance
How you respond to rules and procedures

SECTION 2 – Team DISC overview and Success Insights wheel

- The TTI Success Insights® wheel is a graphic representation of a team's behavioral make-up among the four quadrants of the DISC wheel. It plots task-driven versus people-driven behavioral tendencies.
- The wheel illustrates the blending of the four DISC styles. This wheel shows the behavioral composition of a team, represented as percentages in each of the eight segments.

SECTION 3 – Team Characteristics

- Each team characteristics page shows how your team compares to the general population.
- It uncovers potential strengths and weaknesses of the team.
- This page suggests words that work and words that don't work within each group.
- Behavioral segments are listed in order of highest to lowest percentage.
- This section of the report identifies specific areas that may be lacking within the team.
- A visual representation of each member's DISC graph is shown in this section.

SECTION 4 – Group Wheel and Behavioral Style Comparison

- Wheel segment is a matrix illustrating the blending of the four DISC styles into eight segments. Each segment contains a definition and the percentage of team members in the respective segment. Opposing segments are deliberately located opposite each other.
- Team member overview shows which blended behavior segment each team member possesses.
- Team member characteristics page shows descriptors identifying each blended segment.
- Group wheel pages plot the natural and adapted styles while the migration page shows both in one wheel.
- Behavioral style graph compares team members with their team leader and is color coded to show where they fall above or below the population mean.

Introduction Driving Forces
